APPROVAL OF PUMA AGREEMENT

Chris Kaufman provided electronically the agreement presented by PUMA to the board asking for approval from the board.

Peggy agrees to approve the agreement, however has some reservations. At the previous board meeting on June 20, 2013 the subject of a possible different strategy using a special assessment that can work better with property owners other than the BID. She hopes that PUMA can also help with different alternatives other than the BID if the BID does not seem possible. Chris K. says that the discussion of possible alternatives will be very critical.

The board electronically unanimously approved the agreement with PUMA.
